Dear Parents,

Letters about absences

It is really important that if you know you are going to be gone that you send a note ahead of time. If your child is supposed to go somewhere else, please send a note. It is so important that I know where your child is supposed to be going. I get sent into a panic when they tell me they are going somewhere but don't have a note.

Website

I have updated the web site. My goal is to keep it up to date every week. I have put many pictures of the students up and all the cool things we are doing. Feel free to go and check it out. All the parent letters are also on there. If you go to the Kenny Lake School website you can get to it by clicking on my web page. (www.kennylakeschool.com)

Hockey Gear

Those of you who have kids in hockey need to get your students' gear out of the sheds. Julie is asking that it all be removed asap. Thanks.

Lifetouch Pictures

Please get your pictures back into me ASAP!
